NOTICE OF AVAILABILITY FOR PUBLIC REVIEW AND COMMENT: PROPOSED REVISION OF Appendix E (Project Priority List) and Appendix J (Fundable Projects List) of the DRAFT INTENDED USE PLAN FOR DRINKING WATER STATE REVOLVING FUND FFY 2000 FUNDING

On June 22, 2000, the Department announced the availability for review and comment of the draft Intended Use Plan for FFY 2000 funding. On July 24, 2000, a public hearing was held on the proposed Intended Use Plan. One comment was received from Donner Lake Water Company, specifically a request to amend the Project Priority List (Appendix E) and the Listing of Fundable Projects (Appendix J) to add a pre-application from Donner Lake Water Company for funding to correct a severe water outage problem.

The Department has amended the draft Project Priority List to include this project. Further, the Department has updated the priority list to include a group of preapplications received in 1999 and not previously incorporated in the priority list because of data management problems.

Interested parties may obtain the draft updated project priority list, via the Internet at: <http://www.dhs.ca.gov/ps.ddwem/srf/srfindex.htm>. Written comments on these proposed changes can be submitted to the Department at:
